Notorious Gossip

"Even when the fighting was hottest, the colonel of an Irish regiment noticed that one of the privates was following him everywhere, with apparently much devotion. At length he called the man to him and said: 'You've stuck to me well this day, Private Rooney!'"

"Yes, sir!" replied Rooney, saluting smartly. "Me ould mother she sez to me, sez she: 'Patrick, me bhoy, stick to the colonel, and ye'll be all right; them colonels niver get hurt!'"

"Mary, why didn't you wash that window?" demanded the lady of the house.

Mary: "Sure, and I did wash it on the inside, ma'am, so we could look out, but I thought I wouldn't wash the outside so those curious people next door couldn't look in."

"It must be rather difficult to eat soup with a moustache," suggested the young lady who was seated near a bearded gentleman at the banquet.

"Yes," he agreed. "I find it quite a strain."

She: "If there's anything you can do that I can't do quite as well, I'd like to have you name it."

He: "Well, I'd like to see you hang all your clothes on one small nail in the closet."

Mistress (to new maid): "Now, Norah, when you wait on the guests at dinner, please don't spill anything."

Norah: "No, ma'am, I won't say a word."

Wife (over telephone): "Meet me on the corner at 7 o'clock."

Husband: "All right! What time will you be there?"

"Jones is supporting two wives now."

"What!"

"His son just got married."

Ancient Festivals Celebrated

Japanese homes in Hong Kong are now being decorated for two picturesque festivals, the Doll Festival for girls (May 3) and the boys festival of flags (May 5).

For centuries both festivals have been widely celebrated. Originally religious significance was attached to them but lately they have become mere pastimes for children.

The dolls festival for girls is observed by families with young daughters. The dolls displayed are not of the ordinary kind but are those specially made to represent the Emperor and Empress, court officials and nobles, ministers and dancers in all their old fashioned costumes of splendour.

The daughters exchange visits at home of their friends and partake of delicacies placed on the dolls' shelves. Relatives make calls to honour their daughters and also make the occasion a family reunion.

The custom is believed to encourage happy family life and the spirit of filial piety and loyalty.

**CARP SYMBOLS**

Already huge paper carp have appeared on many Japanese homes for the celebration of the boys festival of the flags. This honours the boyhood of the sons.

The set displayed in the house usually consists of dolls representing popular heroes in history. Figures in legend, models of ancient armour and various martial flags and streamers. In the rural districts large paper and cloth carp, often several yards long, are hoisted outside the house on the top of a high pole, symbolising the idea that the sons of the families might be as strong as the spirited carp trying to swim up the waterfall.

The origin of the festival is traced to the idea of praying for the happiness and prosperity of the young generation.

## GOODWILL PARTY TO VISIT COLONY

WILL ARRIVE AT END OF MONTH

Members of the fourth goodwill tour of the Orient sponsored by the Los Angeles Chamber of Commerce are due in Hong Kong on May 21 and plan to spend three days in the Colony.

The party, which left Los Angeles on March 31, is comprised of between 25 and 30 delegates, with women predominating. The men of the party are for the most part leading capitalists and retired business men, and many of the women are prominent club women and leaders in civic and philanthropic circles.

The chairman of the party is Mr. Carl E. McStay, formerly a director of the Los Angeles Chamber of Commerce, and for many years field secretary of the Automobile Club of Southern California.

The members desire primarily to acquaint themselves with conditions and developments in Japan, China and the Philippines and to spread the spirit of goodwill between the United States and those countries.

## TOURED JAPAN

The party arrived in Yokohama on April 15, and spent last month visiting Japan. It sailed from Shimonoseki on Saturday, for Korea, and is due to arrive in Peking on May 6.

After a week there the party will reach Shanghai on May 15, and will sail on May 19 on the Empress of Canada for Hong Kong and Manila, reaching the latter port in May 24.

Returning, May 27 and 28 will be spent in Hong Kong, and one day each in Shanghai, Kobe, and Yokohama, returning to Los Angeles on June 20.

Mr. Clarence H. Matson, shipping manager for the Chamber who will accompany the tour, expects to remain in the East for a few months after the party has returned to make trade surveys and contacts.

## INCREASE IN WATER SUPPLY IS NO NEARER

The lifting of the water restrictions in Hong Kong has not been brought nearer by the recent rainfall.

Reservoirs on the island and mainland have not benefited much from last week's falls which were only light, not more than three inches being recorded. In some localities even lighter falls were gauged.

Rainfall is still well below the average, only 9.02 inches having been registered at the observatory since January 1, in comparison with an average for the period of 11.92.

Levels in the reservoirs are reported to be still low.

## Emperor Leaves Capital

London, May 2. The British Minister at Addis Ababa, Sir Sidney Barton, has reported to London that the Emperor has left Addis Ababa for Djibouti, accompanied by the Empress and the Crown Prince.

The Emperor had an interview with the British Minister before leaving Addis Ababa, and Mr. Eden specially visited the Foreign Office to consider the situation. It is also reported in London that shooting and looting is proceeding in Addis Ababa, but there have been no casualties among British nationals.

It is understood that the Emperor did not reveal his ultimate destination before leaving the capital.

It is stated that every precaution has been taken for the protection of the British and other foreign residents of Addis Ababa, where it is believed that there are still about 1,000 British subjects, mainly British Indians and Somalis. Probably not more than 30 white British subjects remain in Addis Ababa.

It is understood that the British nationals have already been taken under protection in the Legation compound.

It is at present uncertain how the Emperor's departure will affect the position at Addis Ababa. The request might be made by the Italians when they arrive for the foreign Legations, including the British, to leave, or alternatively the British might themselves decide to leave. It is understood that Sir Sidney Barton has not yet made any plans to leave the capital.

The Ethiopian Legation in London state that they have not received any message concerning the Emperor's departure.

The news of the Emperor's flight is regarded gravely in British circles in London. It is considered to end the organised resistance.

It is understood that it was not on Sir Sidney Barton's advice that the Emperor left the city.—*Reuter.*

## FIGHT TO CONTINUE

Addis Ababa, May 1. It is understood that the Emperor of Ethiopia, after conferring with his Government, has decided that there will be no surrender to the Italians, whose armies are now pressing upon Addis Ababa.

Believing in the absolute justice of his cause, and despite his defeats, caused by the overwhelming numbers of invading troops and their superior equipment, the Emperor has decided to continue the struggle.

It is believed that the Empress and other members of the Royal Family of Ethiopia, except for the Emperor and Crown Prince, will shortly leave for Jerusalem. The Negus and his eldest son will remain with their people, leading the fight against the invaders. The Government, meanwhile, will probably move westward.

The Emperor is holding a conference with the diplomatic corps this afternoon, to discuss precautions necessary for the protection of foreign nationals in the event of an Italian entry into the capital. There are British Indian troops in Addis Ababa, guarding the British Legation.

The Emperor has especially appealed to all able-bodied citizens to march northward to-morrow with five days' provisions to attempt to stem the Italian tide of advance. The leader of this forthright hope will be Ras Getachew.—*Reuter.*

## NO NEW TERMS

London, May 1. It is learned in authoritative circles in London that Great Britain will not put forward any new terms for peace in Ethiopia.—*Reuter.*

ELECTIONS IN  
EGYPT

Cairo, May 1. A Wardist majority in tomorrow's elections to the Chamber of Deputies is considered certain in political circles. Eighty-five Wardists will be returned unopposed, and, with few exceptions, the Ward is contesting all the remaining 147 seats.

The elections will be held under the democratic Constitution of 1923 by universal direct suffrage, and will be followed a fortnight later by the election of a hundred members of the Senate, two-fifths of whom, however, are normally nominated by the Crown.

The constitutional position arising from the death of King Fuad is somewhat obscure. The Premier meets the National Front on Sunday to submit a recommendation to the State Legal Department that the Premier and Cabinet continue to exercise the Throne's constitutional powers until the new Parliament meets.

It is understood, however, that the Ward favours the summoning of the 1930 Parliament to deal with the matter.—*Reuter.*

## TIDEWAY WINS

Newmarket, May 1. Lord Derby yesterday won the Thousand Guineas, over a mile, for the fifth time when Tideway, starting second favourite, at 100 to 30, beat His Majesty the King's Foe (at 20-1), which was running in Lord Derby's colours owing to the Court mourning, by 14 lengths.

Mr. R. F. Watson's Ferrybridge, a 11 to 4 favourite, was third, a neck behind Foe.—*Reuter.*

## ART DISPLAY

London, May 1. The private view at the Royal Academy was held to-day, which is usually regarded as the opening of the London season.—*Reuter's Bulletin Service.*

SERIOUS VIEW  
BY CHINAGerman-Manchukuo  
Trade Pact

Nanking May 2. Questioned concerning the trade agreement concluded between Germany and Manchukuo, a Foreign Office spokesman recalled that on April 29 the German Charge d'Affaires called at the Foreign Office and informed the Chinese Government of the impending conclusion of these arrangements, which the German diplomat pointed out were of a purely commercial character, and devoid of political significance.

The Foreign Office, which is awaiting the text of the arrangement, takes a serious view of the matter.

The spokesman added that appropriate steps would be taken, though he did not indicate the nature of China's action. No action will be decided upon until the text of the treaty is received.—*Reuter.*

## TOKYO REPORT

Tokyo, May 2. Under the German-Manchukuo trade agreement, the German Foreign Exchange Administration reportedly permits importation of Manchukuoan products to the amount of 100,000,000 yen during the twelve months, commencing June 1.

Germany is paying for these imports three-quarters in foreign exchange and quarter in Reichsmarks. Manchukuo agree to utilise these Reichsmarks in paying for German products exported to Manchukuo.

Subject to certain stipulations, a certain proportion of Japan's favourable trade balance with Germany will be made available for additional German imports from Manchukuo.

Negotiation for the renewal of trade arrangements must be opened not later than April 1, 1937.—*Reuter.*

DAVIS CUP  
TENNISFrance Eliminates  
China

Paris, May 2. France entered the Second Round of the 1936 Davis Cup series to-day when she won the doubles match against China, Jean Borotra and Marcel Bernard beating Kho Sin-kie and Gordon Lum 6-1, 6-3, 4-6, 6-2.

Dr. Wellington Koo, Chinese Ambassador at Paris, and Mrs. Koo were again present when the Chinese Davis Cup players were opposed to France.

The doubles encounter was pleasing from the spectators' point of view, Gordon Lum offering the most resistance, serving strongly and imparting a treacherous spin to his returns.

Kho Sin-kie's overhead work was weak, but he supported Lum well in low volleying duels, and played faultless tennis from the base-line, scoring many winners.

There were many smart rallies, and the Chinese improved as the encounter progressed, while the French pair were frequently unsteady.—*Reuter.*

## EARLIER RESULTS

Christian Bousseau (France) beat Kho Sin-kie (China) 6-0, 6-0, 6-1.

P. Destremau (France) beat Guy Cheng (China) 6-1, 6-3, 6-8, 6-3.

## DANDRUFF disappears

To eradicate chronic Eczema, Ringworm, Dandruff and disfiguring, hair-destroying eruptions of the scalp there is nothing to equal Cuticura for quick, complete healing. The soothing action of Cuticura instantly relieves irritation and itching, its antiseptic and healing powers destroy infection and clear the disease from the scalp. Cuticura stimulates the languishing hair roots, gives life and lustrous beauty to the hair and promotes luxuriant growth.

Every day, gently massage Cuticura Ointment into the scalp with the fingertips. After an hour or so thoroughly shampoo the head with Cuticura Soap and rinse well to remove the soap. This daily treatment relieves itching and allays inflammation at once. The soothing, healing, antiseptic Cuticura penetrates to the depths of the eruption. It destroys the lurking germs which keep the disease active, and steadily establishes a healthy condition of the scalp. ## BIG SUM WILL AID T. B. CHILDREN

### Colony's Response To Flag Sales

#### BY ST. JOHN AMBULANCE

Over \$4,000 is expected to be raised from the sale of flags for the St. John Ambulance Brigade on Saturday. Kowloon boxes have not yet been returned but indications are that a satisfactory total will result.

The sum realised is to be devoted towards the maintenance of tubercular children at the Cheung Chau hospital where many youngsters are making remarkable progress.

Officials of the Association stated yesterday that although the expected figure of \$4,000 compared unfavourably with last year's \$5,500, it was highly gratifying considering the financial depression.

A lower figure was expected however as last year the street sales continued throughout the day, and collections were made in the New Territories.

On Saturday the sales concluded at noon and no boxes were sent to the New Territories. Money from Hong Kong boxes aggregated approximately \$3,000 and there are still several Kowloon boxes to come.

It is expected that 10 per cent. will probably have to be deducted because of counterfeit 10-cent pieces, say officials of the Association, as it is now difficult to distinguish good coins from bad.

#### KOWLOON GENEROUS

The response from Kowloon was most gratifying and Mr. Trevor, who was in charge of the collections there, reported that although 26,000 flags and flowers were disposed of, many sellers, had sold out before 8 a.m.

Of the boxes received on Saturday the largest individual collection was \$109.39 by Miss Helen Lo, who was followed by Miss Isobel Woo with \$77.05 and Mrs. Mitchell with \$56.51.

Dr. L. S. Shin and his band of helpers at Wanchai collected nearly \$600 from that district alone and the Bellis Girls' School boxes from the western district realised \$262.82.

#### CHILDREN HAVE A DAY OUT AT ST. ANDREW'S

Nearly 200 children attended the 17th annual Sunday School festival of St. Andrew's Church at the vicarage on Saturday.

After a programme of sporting events the children were entertained by a cinema show by Mr. Phillips and a comedy turn by Messrs. J. C. M. Grenham, J. J. Ferguson, W. C. Simpson and D. A. Nooy. Community singing brought the afternoon to a close.

Rev. J. R. Higgs and Mrs. Higgs were in charge assisted by Miss Ivis Woolley and Mr. R. H. Wong. Results:—

## A BURLESQUE

To Be Broadcast  
From Daventry

A title that is full of promise for those who enjoy burlesque appears in the Empire programmes for today.

"Only a Mill-Girl" or "The Doin'gs Up at the Hall"—is the name of a production that contains all the elements of genuine, unashamed melodrama, and brings to the microphone such classical characters as Sir Herbert Turbot of Hardrope Hall; his son, Hilary, and his butler, Baggs; Murgatroyd Murdoch, and Sybil—who, with names like those, could be nothing but the villain and his daughter; and the poor but innocent little heroine, Fanny, who is, of course, "only a mill-girl."

Brisk dialogue by John J. Meluish is suitably enhanced by H. Meluish's music; the cast being supported by the BBO Revue Chorus and the Empire Orchestra. William MacLurg will be responsible for production.

A FUNNY PICTURE

Those perennial purveyors of fun, Laurel and Hardy, have never appeared in a more delightful or more humorous full-length motion picture than "The Bohemian Girl," their screen version of the Balfe opera. That has seemed to be the consensus of the overflow audience at the King's and Alhambra Theatres was evidenced both by a continuous round of laughter and through applause which punctuated many of the hilarious episodes with which the film is filled.

"The Bohemian Girl," as produced by Hal Roach-M-G-M, concerns the adventures of a gypsy band of which Laurel and Hardy are happy-go-lucky members. Mrs. Hardy played by Mae Busch, is evagorated Devilshoof, a romantic vagabond. Devilshoof is administered a flogging when he is caught skulking within the castle grounds belonging to Count Arline, played by William F. Cagney. In revenge, "Ollie's," wife kidnaps Princess Arline, baby daughter of the Count. Then Devilshoof and Mrs. Hardy elope, leaving "Ollie" with the baby princess on his hands. He and his good friend, Stanley, raise Arline as a gypsy, and it is not until she has grown into young womanhood that she is returned to her rightful place in the world.

Despite the fact that they appear in unfamiliar costumes, Stan and "Ollie" are the Laurel and Hardy of old in this feature production. Their comedy is, seemingly spontaneous and their gags are bright and new. Mae Busch and

## DESIRE

Marlene Dietrich and Gary Cooper, who are co-starred in Paramount's romantic comedy, "Desire," which closes to-day at the Queen's Theatre, stand at the top of a list prepared by Director F. Borzage, of the famous screen love teams of all time. The Dietrich-Cooper combination leads off in the selection which includes such love-duos as Gaynor and Farrell, Crawford and Cable, Powell, and Loy and Colbert and MacMurray.

"Desire" tells of a sensational jewel robbery executed by a breathtaking Continental beauty. She makes a jeweller think that her husband, a famous pathologist and doctor that the jeweller her spouse. While they are busy misunderstanding each other, she skips off with the string of pearls and meets an American engineer out for a glorious vacation. Out of a hilarious series of misunderstandings, an ardent romance emerges.

The comedy and romance are skilfully blended in this picture which brings Dietrich and Cooper together for the first time since "Morocco."

In the supporting cast are such screen notables as John Halliday, Akim Tamaroff, Ernest Cossart, William Frawley and Alan Mowbray.

## ALIBI IKE

Joe E. Brown is in town. He appears at the Star Theatre in "Alibi Ike," Warner Bros. home run comedy, based on the popular story by Ring Lardner.

Joe, in the title role, is both a crook pitcher and the best batter of his club. He has an alibi for everything—not just for mistakes—but for plays any other player would have been proud of.

Joe falls in love with the sister of the Captain's wife, but when he alibis on his romance, the girl hears him and turns him down cold.

Thrills follow in which Joe is kidnapped by a bunch of crooks, but he escapes, and the romance is patched up by the players in one of the most comical climaxes imaginable.

Olivia de Havilland, the stunning eighteen-year-old girl who made such a hit in Max Reinhardt's "A Midsummer Night's Dream," has the leading feminine role opposite Joe.

Others in the cast include Ruth Donnelly, Roscoe Karns, William Frawley, Eddie Shubert, Paul Harvey, Joseph King, Joseph Crehan, Adrian Rosley and a score of expert baseball players of national reputation.

Raymond Enright directed

Antonio Moreno furnish sufficient romantic message to afford one a breathing spell between hearty guffaws. All others of the cast give more than adequate performances, especially Jacqueline Wells, who plays the role of Princess Arline as a grown woman and four-year-old Darla Hood, who is seen in the part of the princess as a child.

## YACHT CLUB MAY HAVE NEW HEADQUARTERS

## Kellett Island Is Mentioned

Hopes that the Royal Hong Kong Yacht Club would soon transfer its headquarters to Kellett Island were expressed by the Vice-Commodore (Mr. H. S. Rouse) at the close of the season on Saturday.

In reviewing the season Mr. Rouse said it was the first year the Club had been totally removed from the waterfront and he expressed the hope that it would soon be possible to make arrangements for improving the amenities of the Club. The transference to Kellett Island could not come too soon, he said.

Mr. Rouse said the rowing section had done well during the season and he appealed to members to continue their support.

Prizes won during the year were presented by Mrs. Dixon.

## TWO FISTED

Lovely Miss Gail Patrick is featured opposite Lee Tracy and Roscoe Karns in Paramount's "Two Fisted," which is coming to the Queen's Theatre tomorrow, is a romantic comedy depicting the merry, mirthful adventures of a fight manager and his dull witted boxer who crash Park Avenue society via the butler route.

Tracy and Karns accidentally meet up with a wealthy young play boy, Kent Taylor, who hires them to act as butlers, and at the same time to protect him and his sister Gail Patrick from her husband, Gordon Westcott. Many embarrassing but screamingly funny circumstances result when they stage a real exhibition boxing match for the benefit of their employer's swanky friends, during which Miss Patrick's small son, Billy Lee, disappears, supposedly kidnapped by her husband's gang. Many laugh provoking events follow before an exciting climax clears everything up, including the romantic affairs of everyone concerned.

## BIRCHING FOR SNATCHER

### EUROPEAN LADY VICTIMISED

An audacious attempt at hand-bag snatching, perpetrated in Nathan Road during a busy hour of the day, was related to Mr. F. H. H. Smith, the Kowloon Magistrate in the Second Court on Saturday, when a 24 year-old unemployed man of no fixed abode, named Yuen Fuk Ching, was charged with the theft of a hand-bag containing \$188 in notes, from Mrs. Humble, of No. 3, Tantallon Terrace.

Detective Sergeant Haynes, who prosecuted asked the Bench to take a serious view of the case. Relating the facts, the prosecuting officer said that Mrs. Humble was in the vicinity of Lane Crawford's Kowloon depot, when the accused came up and snatched her hand-bag. He ran across the road in the direction of Whitfield Barracks.

Mr. Whitaker, of the Kowloon Post Office who was passing in a car at the time of the theft, stopped his car, and gave chase. The accused was eventually arrested in Whitfield Barracks, by two soldiers of the 8th Punjab Regiment.

Addressing the accused, who admitted guilt, the Magistrate said: "This practice of hand-bag snatching is becoming all too common. I intend to do all in my power to stop it."

Sentence of six months' imprisonment was imposed. In addition Yuen was ordered to receive six strokes of the birch, failing which he was to undergo a further three months in jail.

Mr. Whitaker and the two Indian soldiers who were present in court, were congratulated for the public spirited action, by the Magistrate.

The total contents of the bag stolen by the accused was stated to be \$214.50, all of which was recovered intact.

## CORRESPONDENCE

### ANCIENT EGYPT

(To the Editor of "The Hong Kong Daily Press.")

Sir.—The recent startling "Pre-historic" discoveries made by Professor Selim Hassan of the Egyptian Archaeological Department in the vicinity of the Great Pyramids of Egypt, as announced in the columns of your valuable and widely-read newspaper of April 27, and which archaeological finds I repeatedly mentioned and foretold in my 49 pamphlets and special newspaper articles (1914 to 1934) dealing with (a) the "Cradle of the Human Race" in Chinese Turkestan, and (b) the sudden drowning and destruction of all Prehistoric (Antediluvian) races and civilizations of the world by the flood waters of a Diluvian Tidal Wave created by the subsidence of a large mass of continental land in the Pacific Ocean and the great upheaval of Central Asia, are certain to help towards the solution of the "riddles" which are baffling and perplexing our scientists and historians to-day.

I have sent the enclosed letter to Professor Selim Hassan, and no doubt it will appeal to those of your readers, who may be interested in Ancient Egyptian history and archaeology.

### TSE TSAN TAI

Dear Prof. Selim Hassan.—I am greatly interested to read of your discovery of the body of an Egyptian princess intact in her tomb (who died about 3,500 B.C.), while excavating among the Pyramids of Egypt.

The "Daily Telegraph" report published in the "Hong Kong Daily Press" of the 27th inst. says:—

"The body was covered with layers of fine Nile mud, which had penetrated into the tomb 'during a flood.' This mud had preserved the body. Patiently and delicately, Prof. Hassan removed the layers: it took him 54 hours. The Tomb is believed to be that of a daughter of Chephren, the Pharaoh who built the second highest of the pyramids. It was blocked by four huge limestone slabs and sealed with a cement-like substance."

This discovery will help to explain much that has been a riddle to Egyptologists and archaeologists.

And, since your discovery helps to support my solution of the "mysterious blank" in Ancient Egyptian history, and proves my discovery of (a) the sudden destruction of the Prehistoric Egyptian Race, and Civilization of the I to VI dynasties by a Diluvian Tidal Wave (B.C. 2348), and (b) the drowning and entombing of these Prehistoric (Antediluvian) Cities, monuments and tombs by the mud and debris swept down from the highlands of the upper reaches of the River Nile by the devastating flood waters of this Tidal Wave, as stated and explained in my Article (No. 12) "Solution of the Mysterious Blank in Ancient Egyptian History" published in the "South China Morning Post" of the 28th February, 1923, I have much pleasure in presenting you with the following pamphlets and articles, which I trust you will find useful and interesting:—

- No. 2. Proofs of The Deluge.
- No. 11. Solution of Easter Island Mystery.
- No. 12. Solution of Mysterious Blank in Ancient Egyptian History.
- No. 22. Oldest Beetle in the World!

Faith of 15,000,000 years exploded.

No. 41. A Prehistoric City. The Deluge confirmed.

Hoping you will be pleased to favour me with the latest news of your interesting and valuable discoveries, and with best wishes for your continued success in the present field of operations.

Yours sincerely,

TEE TSAN TAI

Mr. M. A. da Silva appeared for the defendant and Sub-Inspector Mist for the prosecution.

A district watchman who arrested Wong said he saw him about 8 p.m. and asked him what he was carrying. Wong asked him for his authority and while he was producing it Wong ran away and threw away a package.

Wong's story was that he was walking to the Wing Lok Street wharf to find a clansman to give him money to take to his mother in the country for the Ching Ming Festival. His clansman was absent and while returning he heard police whistles. Just before the watchman came up to him, Lo said, a man ran past him and went up some stairs nearby.

Henry M. Wong, 23, of Fung Tai Terrace, Happy Valley appeared before Mr. W. Schofield on Saturday at the Central Court charged with refusing to pay the legal car hire of \$6 and maliciously damaging the car mascot and a pane of glass of a public car, at Village Road at 3.40 a.m. on Thursday.

Wong Kam-hung, the driver, said that at 1 a.m. Wong engaged the car to take him around Central. Wong returned about 3.40 when Wong refused to pay the fare. The ensuing argument led to the attack.

Wong stated he did not remember what statements he had made at the Police Station as he was drunk. He hired a car, went for a ride and asked the driver to get him a bottle of wine. He drank the wine and after the ride did not know what had happened until he found himself in the Police Station.

Wong said he did not pay the car fare as he had an account with the Garage.

The owner of the garage denied knowledge of the defendant, and said he did not have an account.

Wong was ordered to pay \$6 fare to the driver, and \$65 damages. He was further bound over to a bond of \$50 for a year.

## KEEN RACING AT THE VALLEY

## Favourites' Had An Off Day

## MR. DONALD BLACK UNMOUNTED

Although dividends were on the moderate side despite favourites having had an off day, the Fourth Extra Race Meeting of the Hong Kong Jockey Club which was held on Saturday could be classed as a successful one from the sporting point of view. Good sports was had and several close and thrilling finishes were provided.

Attendance on the whole was very gratifying, and the many ladies who were present dressed in their best frocks lent yet another touch of colour to the whole scene.

The Cash Sweep dividends were all over the \$1,000 mark and in the last race when the sweep was based on a \$2 ticket, the first prize yielded no less than \$2,395.20. The highest dividend of the day was returned by Mr. Helenside's Valorous (Mr. Butler) in the second section of the Mount Davis Handicap when the pony reached home a neck ahead of the favourite—King's Sceptre—to pay its 137 backers \$62.30 each. The combination of King's Justice and Ythan paid \$72.50 each to its 49 successful backers in the Daily Double.

Riding honours on the whole were very evenly distributed. Mr. Donald Black after having won two races had the misfortune to be unmounted from Bear Claw in the Tai-Mo-Shan Handicap. He was injured in the leg which prevented him from taking any further part in the day's races. Mr. H. A. de B. Botelho repeated his success of the last meeting when he cleverly piloted Gold Sovereign home first in the Novices' Race to beat the red hot favourite, Boxing Eve by two lengths.

Mr. D. Black although prevented from riding further after the seventh race due to injuries received was the most successful jockey of the day, returning two firsts and a second, with Mr. P. P. Botelho coming next with two firsts and two thirds, Mr. Ip Kui Ying with two firsts and Mr. H. C. Pih with a first, two seconds and two thirds.

## Thrilling Finishes Witnessed

## CHARTERS TOWERS HANDICAP "B" CLASS

Cool summer weather greeted the six entries as they trotted to the starting post for the first race. The track looked good after the recent showers and was certainly suitable to fast going. Halcyon led from the start and was alternately followed by Ranger and Centre Court. At the last quarter mile Halcyon was about two lengths ahead of Centre Court while Ranger and Goldsmith followed in the rear. The finish was Holycon, Centre Court and Ranger.

## MOUNT DAVIS HANDICAP "C" CLASS (FIRST SECTION)

Harvest View took the lead followed by Mayflower, Boolat Bay and Royal Consort. Soon Boolat Bay came up to second place and by the half mile post Royal Consort came up next to Harvest View. On the home stretch Boolat Bay was jammed and Dawn Star picked its way through to win by a length while a short head separated Boolat Bay from Royal Consort.

## MOUNT PARKER HANDICAP "A" CLASS

The race for the "giants" attracted eight entries. Honeycomb Eve went ahead followed by Gladiator and Diana Bay. At the Naval Club, Honeycomb Eve was relegated to the second position and by the time the half mile post was reached Diana Bay had come up to the second position. The last quarter mile saw Diana Bay spurred to take the lead which was kept up to the finish winning from the favourite King's Warden by three lengths, while Honeycomb Eve was another length and a half behind.

## THE "HUNCHBACKS" PLATE

Eleven entries faced the starter for the five furlongs dash. As Heriot led Cassius and Shamrock followed in the rear. Slowly the positions changed and on the home stretch saw a titanic struggle for supremacy being fought out neck to neck between Stopwatch, Humber and Shamrock. The last 50 yards saw Stopwatch drawing away while Shamrock was a length behind Humber.

## HIGH WEST HANDICAP "B" CLASS

Fourteen ponies started for the first leg of the Daily Double. At the start before the race had progressed for more than 100 yards Mr. Donald Black on Bear Claw was unmounted after taking the lead at the beginning. King's Justice, from now on, took the leadership which he held right to the finish. Sado who had all along occupied the second position lost his position to King's Lead in the end contenting with third place.

## MOUNT DAVIS HANDICAP (SECOND SECTION)

One of the closest finishes of the day was witnessed in the second

section of the Mount Davis Handicap of one mile, in which Valorous the winner, after lagging behind won a great race from King's Sceptre by a short neck. It was a great race and the winner was very ably piloted by Mr. Butler. Victoria Hall which led most of the way had to take third place.

## TAI-MO-SHAN HANDICAP

The largest field of the day was entered for the second leg of the Daily Double—no less than 19 ponies were started. Limelight was left far behind at the start as West Parade took the lead followed by Popular Star. Soon Ythan had come up to the second position and on the home stretch Ythan shot out to win, while a great struggle between Foxbridge and Double Chance for second place saw the former winning by a short neck. Mr. P. P. Botelho's win was very popular.

## CANTERBURY PARK HANDICAP "A" CLASS

Another fine race was ridden by Mr. P. P. Botelho when he cleverly brought A Grand Time home after remaining behind for three-fourths of the race. Shooting Star set the pace followed by Saucy Face and Lancashire Lad. Near the last quarter A Grand Time came up to second place and on the stretch Shooting Star was going all out when the pony suddenly deviated from its route to allow A Grand Time to overtake him. Saucy Face was third.

## MOUNT GOUGH HANDICAP "D" CLASS

The Novices' Race had only eight starters. Boxing Eve led followed by Celebration Time. It was a very close race from the start and on the stretch Gold Sovereign shot out to win with Hopscotch second and Boxing Eve third.

## WIFE ALLEGES CRUELTY

## By Parents Of Her Husband

Wong Fong-shing appeared before Mr. S. F. Balfour on Saturday at the Central Court, summoned by his wife, Chu Mee-yau for desertion, persistent cruelty and neglect to provide reasonable maintenance.

Wong Wai and Wong Mok-sing, parents of the husband, were also charged with assault.

Mr. E. S. C. Brooks appeared for the wife and Mr. J. M. Hall was for the three defendants.

Mr. Brooks said the couple was married in May, 1935 in the country, moved to Hong Kong and lived in Hollywood Road. The wife found employment with her husband's parents, but they ill-treated her. The husband advised her to return to the country, but during the six months she stayed there he failed to make her maintenance. Plaintiff returned to Hong Kong where it was alleged, the parents again assaulted her.

On April 16, it was alleged, the parents knocked her down and she fell on broken ornaments. She was then hit on the head. The doctor's certificate stated that multiple abrasions were thus caused.

Mr. Hall submitted that the marks on the plaintiff's arm were made by herself. He opposed the temporary maintenance order which Mr. Brooks had applied for, saying that it was fairer to hear the merits of the case first.

The case was adjourned for a week.

## HIT WITH BELL

## Four Embroided In Argument

M. A. Xavier, 23, Sanitary Dept. foreman and Wong Choi were charged before Mr. W. Schofield on Saturday with assault on Lam Ho, 49, married woman and Tang Kwai, 30, carpenter at Third Street, near Western Street. A remand was granted until Saturday as second complainant was still in the Hospital.

Det.-Sgt. Riddell alleged that Wong saw Lam dumping rubbish in the street on April 30, and had told her that she could not do that. This started an argument in which Wong was alleged to have struck Lam on the face with his bell.

Tang then arrived and said that Wong should not strike a woman. Xavier then arrived and struck Tang.

Wong said Lam tried to snatch the bell and in the struggle she was struck in the face with it.

Xavier admitted striking Tang saying that Tang had struck Wong first.

Mr. Schofield remarked that both parties seemed to be to blame and that it was a case for compensation. All four were bound over in bonds of \$25 for six months.

When Sanitary Inspector Chester said that Lam had refused to give her name when asked, Mr. Schofield said that in that in that case there would be no compensation.

## DEATH BY NATURAL CAUSES

An inquest was held at the Central Magistracy on Saturday morning into the death of Fung Tak-kong, a prisoner who died in the Victoria Gaol Hospital on Friday morning.

Mr. S. F. Balfour sat as Coroner and he was assisted by the following jurors:—Messrs. D. L. Newbiggin, (foreman), A. P. da Silva and Sui Ho Min, who after hearing the evidence returned a verdict of death from natural causes.

Chief Warder H. Barrett stated that the deceased was on March 23 this year sentenced to two months' hard labour and on March 30 was admitted to the Hospital. He died at 12.45 on Friday morning.

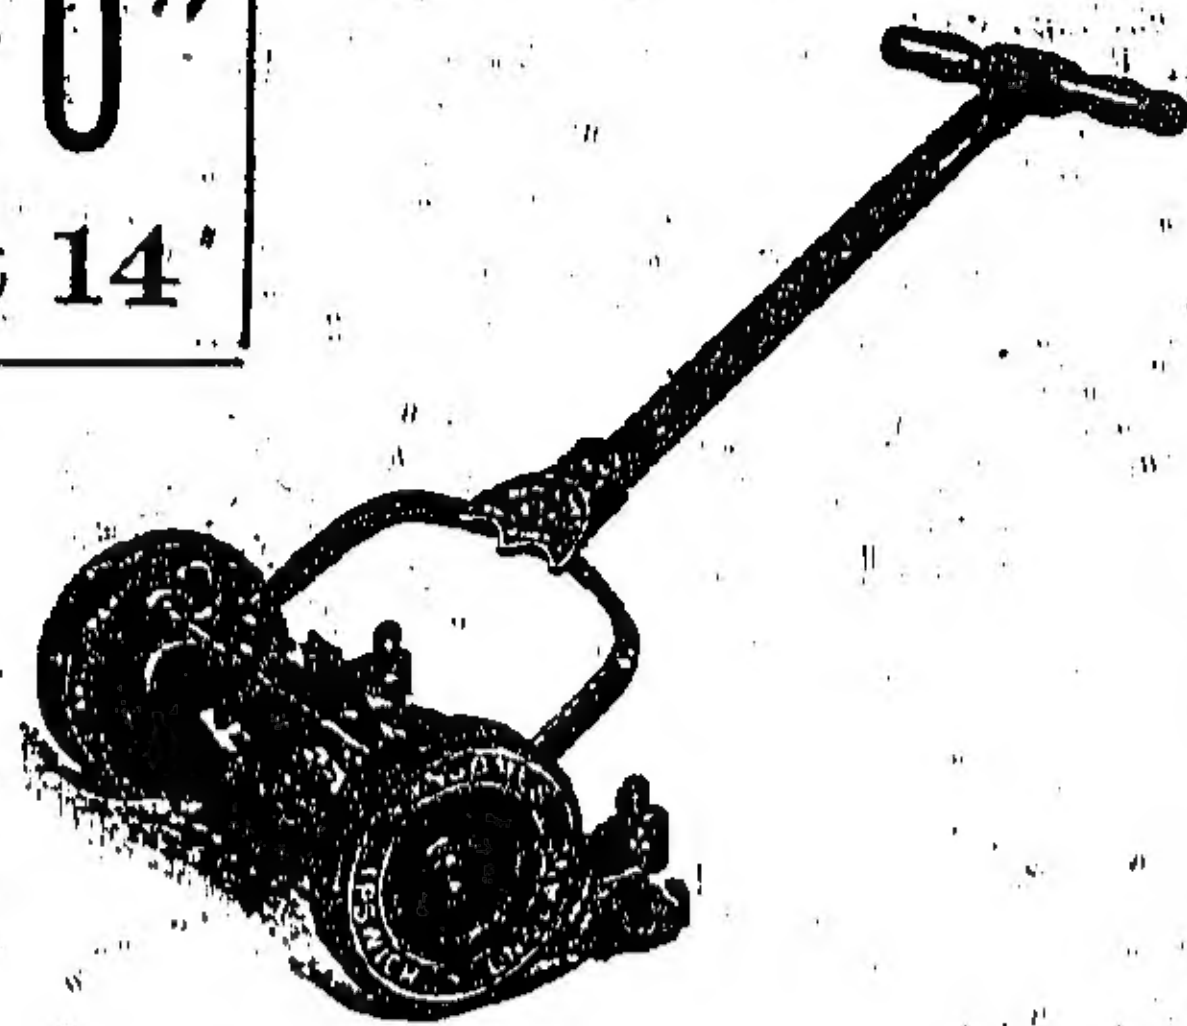

Dr. G. I. Shaw said that deceased was suffering from tuberculosis when he first saw him and that at a "post mortem" it was found that the cause of death was due to pulmonary tuberculosis.

A scholarship was available for the group of subjects offered by Miss Lai and it was confined to graduates from Literature and Language Departments of University or College.

## DESTREMEAU BEATS KHO SIN KIE

## Davis Cup Tennis

Paris, May 3.  
Who Sin-kie, China's Davis Cup player, who lost to Christian Bousquet in the earlier singles match, was beaten again to-day when he managed to take one set out of four.

Destremeau won 6-3, 6-2, 4-6, 6-2. With nothing to lose, Kho was better in his showing than against Bousquet, but the score represented a full difference in the Frenchman's variety of strokes and Kho's forceful forehand.

The Chinese player's stingers to the corner were applauded, but his backhand and volleying were weak. Destremeau had careless patches. He was leading 3-1 in the third set.

## Nantao Zoo Continues Quest For Specimen

The quest for a tiger by the City Government Zoo in Nantao has been extended to Soochow, where, according to a Chinese report, a wealthy resident named Chang Po-chien is keeping a tiger cub.

Information of the existence of the animal was reported to have been spread by Mr. Chang's neighbours, who, fearing a future menace, are desirous to see its removal to a safer place. Mr. Chang was presented with the animal by a military officer who captured it in the Kwei-yang mountains.

The tiger in the Nantao Zoo died recently and a man was sent to Hong Kong to purchase one, but without success. When news was received here that a fine specimen had appeared on a mountain near the West Lake, the zoo offered its services to capture it. A reply was received from the Hangchow Municipality, accepting the offer, but it is doubted now if such an animal really has been seen.

## QUEEN MARY'S FUTURE HOME

London, April 14.

Marlborough House has been so long unoccupied that the process of renovation will take longer than was expected. Queen Mary will, I understand, not make the change from Buckingham Palace to her new home until the early autumn. Marlborough House is readily adaptable to modern standards of comfort, and perhaps before many months are over Queen Mary may come to speak of it like Queen Alexandra, as "my beautiful house." From the time that Sir Christopher Wren built Marlborough House for the great Duke it has had distinguished occupants, but its most memorable period was from 1863 to 1901, when, as the London home of King Edward VII. before he ascended the throne, it was the dominant factor in the social life of London.

## THE SHIPBUILDING OUTLOOK

The Vickers-Armstrong Company announced from Barrow recently that it had received orders from the Peninsular and Oriental Company to build two liners of twenty-four thousand tons. These and certain other orders, taken together with the news that the tenders for a sister ship or ships for the Queen Mary may be seriously considered once she has finished her numerous trials, would indicate that the outlook for shipbuilding is distinctly better than it was. The return of ships under construction during the first quarter of the year, which was published recently, bears out this belief.

Tonnage under construction in Great Britain and Ireland had risen by 275,000 tons since December and is the highest since June, 1931. But the advance must be viewed with a sense of proportion. The year 1931 itself had a lower total of mercantile tonnage than any year since 1915 and during 1935 only one-third of the yards secured employment in spite of the fact that many of them had been eliminated by rationalisation undertaken by the industry itself. A feature of the present position is the increasing orders for oil tankers; work on these vessels has increased sixfold as compared with a year ago. Although British shipbuilders are greatly concerned about the currency manœuvres of Dr. Schacht which have induced some of Germany's creditors to take their debts in ships, we are again doing nearly half the shipbuilding of the world, whereas in 1932 and 1933 we were only doing about one-quarter. If world trade continues to improve and if British shipowners are willing to show a little optimism and take advantage of the assistance provided by the Government's "scrap and build" scheme we may reasonably hope for more work in our shipyards, quite apart from that which the navy's demands may provide.

## ROYAL AIR FORCE

## New Aircraft Names

London, April 8.

The rapidly with which aircraft types develop is indicated by Air Ministry Orders just issued on the nomenclature of three new machines. It has frequently happened that before a new type has been long in use an improved version of the same type is evolved, and this has been denoted by a number added to the name of the type. An improved Fury interceptor fighter, for example, has just been called Fury II, and the original Fury is renamed Fury I. Anticipating future advances of this kind in respect of new aeroplanes, shortly to be delivered for service, the Air Ministry has added the numeral "I" to each of their names. The Fairey medium bomber fitted with the Merlin engine is to be known as Battle I. The Bristol medium bomber fitted with Mercury engines will be Blenheim I. The Armstrong Whitworth heavy bomber fitted with Tiger engines will be Whitley I. The last named is liable to be confused with the A.W.23 bomber transport aircraft shown among the new types at Hendon last year. Actually it is a new type, not yet shown in public, and although largely developed from the A.W.23 is an entirely distinct design.

## EMPIRE AIR DAY POSTER

The selection committee of the Air League of the British Empire has accepted the design submitted by Mr. J. St. M. V. Fitzgerald, of the Air Ministry, in their poster competition. A further prize has been awarded to Mr. E. W. S. Berry, of the Air Ministry, for his design, which is being used, in part, for a car label.

From April 1 a special rate of ration allowance will be issuable to airmen on ordinary or sick leave at home and abroad. It will consist of the current home higher rate of ration allowance, plus the sum of 6d a day.

## "RED" STUDENTS ARRESTED

## Prompt Action By Police

Tientsin, May 3.

More than 20 "Red" university students were arrested by the police here following allegations that university and college students, in close co-operation with local Kuomintang officials, planned to stage a big anti-Japanese demonstration to-day, reportedly at communist instigation.

All members of the Students' Federation of Tientsin voiced the necessity of continuing the anti-Japanese struggle and the opposition to General Sung Che-yuan, chairman of the Hopen-Chahar Political Council.

Police late last night uncovered the plan to stage an anti-Japanese demonstration. Wholesale arrests of the "Red" students resulted and simultaneously a warning was issued to the school authorities to expel immediately any students who tried to leave the school premises in defiance of orders.

Though the police action blocked the projected anti-Japanese demonstration, uncertain atmosphere still prevails throughout the city, and further disturbances are expected.

## JAPANESE VIEW

Tientsin, May 3.

Handbills distributed by the students to-day vigorously denounced the Japanese policy in China. Some of the slogans read: "No further Japanese troops in North China," "Down with the military agreement against Communism," "Organize a volunteer army of anti-Japanese elements and defeat Japanese imperialism," and "Down with Hirota's three principles."

The Japanese garrison is reported to view the student activities as a violation of the Ho-Umezu agreement, casting a gloomy shadow over the future and showing that North China is permeated with Communism. Resolute measures may be taken, if necessary.

## If Gossip We Must

(By "OBSERVER")

The Chinese community and friends gave a farewell party at the Hong Kong Hotel last Monday to Sir Thomas and Lady Southern. It was a large affair and there was no doubt as to the popularity of this couple and what a great loss they will be to the Colony.

Sir Shou-son chow gave a wonderful address and presented them with a beautiful blackwood screen on which was inscribed in Chinese the address which had just been given.

H. E. Sir Andrew Caldecott was there and also General and Mrs. Bartholomew.

We were sorry that Sir Robert Ho Tung was unable to attend owing to illness, but I saw Lady Ho Tung and her daughter in the distance. Commodore and Mrs. Sedgwick were present, the latter in black with a large picture hat. Lady Southern was in white and orange with touches of black and a white hat to match.

Frau Gipperich in a dress of flowered silk came with her husband.

Mrs. Bishop looked delightfully cool and fresh in blue and white with a lovely silver fox across her shoulders. Very charming was Mrs. Dodwell in brown and white and Mrs. Hall equally smart in red.

By now Sir Thomas and Lady Southern have left the Colony and what a send off they had, and what wonderful baskets of flowers were waiting on board for Lady Southern. They almost filled the ship.

What an amazing amount of people are leaving the Colony just now and life seems to be made up of seeing people off or meeting people who are just passing through.

On the Empress of Japan on Friday everybody was to be seen and a whole host of people going away, either for good or a few months leave.

The smoking room was just like an ordinary Hong Kong cocktail party transferred to the morning. All the party "Regulars" were there seeing off all their friends.

Mrs. Collett left for Shanghai and had a large party seeing her off. In spite of everything she remained extremely cool and calm and went off in a smart tailored green linen dress.

The Delamaines also left on Friday but will not return. They had a huge party including a number of gunners and a sprinkling from the Navy. In spite of the bad weather outside everybody seemed very cheerful and Mrs. Delamaine in her bright yellow linen suit was quite easily spotted among the crowd.

Elizabeth Monkton was another who went off for good and hopes to be married fairly soon after her arrival in England. Rosalie Alabaster went off too for a holiday in Japan and Mrs. Robinson, to Shanghai. Mr. Justice Lindell left for his well earned holiday and a number of others also.

Mrs. Gerald Portman and Mrs. Copeman left by the Carthage on Saturday and also that popular couple Dr. and Mrs. Smalley.

There is another big exodus this week so there will be many more cocktail parties on board, Hong Kong will become more and more deserted, and the "Professional Seers-Off" will be in their element.

Despite half the Colony being away, the Gripes still seem most nights to be fairly full but often empty.

## DIRECTOR UNDER ARREST

Another arrest was made on Saturday in connection with the Phoenix Insurance Company scandal, namely that of the director of the Phoenix branch office at Prague, Franz Robert Andros, who on Thursday was summoned by the police for cross-examination.

It is said that investigations disclose that Andros had used bribery to induce certain persons to abuse confidential positions and had himself been guilty of embezzlement.

with a lot of strange faces. Friday and Saturday it was very full, almost too full for dancing in comfort, but it is always a place where one can be sure of meeting a number of friends who otherwise may not be seen for quite a long time.

Mrs. Joseph who was in a large party, was most attractive in pale yellow organdie with a high neat little high collar of a fascinating tartan check and the sleeves likewise it was most effective.

The Josephs are another couple who will be off on Tuesday. They were having their farewell party on Saturday.

Mrs. Brown in dark purple was her usual sweet self, and I see that Mr. and Mrs. Paton have returned after their holiday, both looking very fit. How pretty and cool everybody looks in their summer dresses and there are such pretty materials and dresses about now.

Organdie is very popular and most people seemed to be in pastel shades or flowered dresses, which are always so attractive.

The King sisters were in flowered dresses and Mrs. Alec Ports was in pale blue organdie. Mrs. Walker also, both looked very fresh and cool. Constance Crapnell came in later in the evening with Captain Swoffer and her sister Vera in pale apricot in another party.

Mrs. Bathurst in pale blue and Mrs. Stevens in black with red were in a party with Mrs. Rees. Mrs. Brookshort, who has such a lovely figure, was dining with Commander Hussey.

Captain Greenwood who has just returned to Hong Kong, was dancing energetically in spite of the heat. Mrs. Chisholm Batten was in pale blue with a silver coat which suited her lovely colouring so well. She is another person who will shortly be leaving the Colony and also attractive Mrs. Cobb.

Last week seemed to be full of international festivities. On Wednesday morning all the official folk seemed to be wending their way to the Japanese reception in honour of the Birthday of His Majesty the Emperor.

Arriving by devious routes to Conduit Road, most of the ladies anyway took chairs up the pretty winding path to the house of Mr. and Mrs. Mitsuawa where the reception was held.

On arrival we were greeted by members of the consulate in the hall, and then passed on to the drawing room where the Consul, and Madame Mitsuawa received us, the latter wearing the most beautiful Japanese dress I have ever seen. It was an exquisite shade, something between periwinkle and lavender, infinitely cool and fresh-looking for a sticky Hong Kong day.

Finally at noon His Excellency the Governor arrived, and in a charming speech Mr. Mitsuawa proposed the health of King George.

His Excellency replied and in a few well chosen words proposed the health of his Imperial Majesty the Emperor of Japan.

Among the extremely representative crowd of well-wishers I noticed the Commodore and Mrs. Sedgwick, charming as ever in black and white. Monsieur and Madame Leurquen were there, the latter smart in beige with a very chic brown hat. Alas, Madame Leurquen is going to France for the summer in June, but we shall look forward to seeing her again in the early autumn.

Mr. Hoover looked very cheerful and was talking to Mrs. Hayden who wore the smartest light suit with the most becoming large black hat.

Mr. Noble told us they were busy moving house once more. How we wish all our friends did not live in such different directions. If only there were an International Club with outdoor facilities where we could all be sure of meeting whenever we wanted to.

Among other Government representatives I saw Mr. and Mrs. Sayer, and Mr. and Mrs. Franks who was in blue.

## GERMAN CLUB

May Day dawned cool and wet, not the least like the traditional 1st of May which one associates with country dancing and May poles and all the fun of the fair.

However the German Community, nothing daunted, held its usual National Day festivities, and many friends of other nations were summoned to the Club in the morning to rejoice with them.

Herr and Frau Gipperich received their guests with great hospitality, as ever, and once more we found ourselves in that delightful cosmopolitan atmosphere which always seems to prevail at consular functions.

So interesting was the conversation in the verandah—two well known people were having a grand discussion in which they seemed to advocate the total abolition of the Hong Kong dollar and a substitution of sterling currency instead—that I did not circulate and observe the creations of fashion nearly as ardently as a good gossip writer should.

However I noticed Mrs. Recke looking perfectly charming in a cream coloured suit, and also Mrs. Binnie, who we are delighted to see back again after her trip to Peking. She wore the smartest check suit of blue and grey, and told us that she and her husband will not be returning to England until the autumn after all, but will probably be living out at Sling Kun, which they say is nice and cool for the summer.

Dr. and Mrs. Strahan were with Sir Henry and Lady Pollock, and all the official and consular people were well represented. His Excellency the Governor was there to propose the health of the German Republic and once more made a charming speech.

## SOUTHERNS DEPART

Alas, for the departure of Sir Thomas and Lady Southern. After a round of official and private parties the inevitable "seeing-off day" arrived all too quickly.

Queen's Pier was gaily decorated with flags, and crowds of friends turned up to bid our enormously popular Colonial Secretary, and his equally popular wife farewell and every sort of good luck in the Gambia.

The Britannia was laden with flowers, and I hear the Carthage was a veritable garden by the time Sir Thomas and Lady Southern went on board.

# ETHIOPIAN EMPEROR SEEKS SAFETY: EMBARKS ON BRITISH WARSHIP

## Hooligans Sack The Imperial Palace

### FREE ACCESS TO ARMS AND AMMUNITION

### Natives In Top Hats And European Clothing

London, May 3.

Reuter's special correspondent at Addis Ababa in the course of the first message after the departure of the Emperor, despatched from the Legation by wireless owing to closing down of the Government station, says that late yesterday evening, after a day of indecision, the Emperor, under pressure from the Empress, decided that the only course left him owing to the failure of the League to support the overwhelming superiority of Italian armaments was to leave the country. He departed at midnight with the Empress and family for Djibouti, intending to carry on the struggle for independence through diplomatic channels.

The Emperor before his departure ordered the Imperial Palace at Ghebi to be thrown open to the people and allowed to help themselves. Thereafter streams of men and women were seen running from all directions to Ghebi and later returned laden with clothing, beds, carpets, furniture, and arms of all kinds.

Ammunition dumps were also thrown open and thousands of men carried off full cases of cartridges which soon sounded as though a great battle was progressing as the men tried out the new ammunition by firing in the air, but they had no intention of hitting anyone.

### DRUNKEN ORGIES END IN DEATH

When the populace realised that the Emperor and his ministers had gone, the townfolk began looting the shops. Laughing men and women were seen wearing top hats and European clothing. Later when much liquor had been consumed, fierce wrangling over loot began. Swords were drawn and shots were angrily fired with the result that later many corpses were seen lying in the streets of the capital.

#### INFURIATED MOB

An infuriated mob besieged the store of Mohamed Ali which was stubbornly defended by the Indian staff, supported by the British Consul, Mr. Hopefull and his staff, and they were eventually rescued by a party from the British Legation.

Most of the British subjects took refuge in the Legation park where there is a well-organised camp. Many British subjects repeatedly dashed out in cars and lorries in order to fetch in to safety isolated Europeans of all nationalities, many of whom had narrow escapes.

Thrilling tales were told by refugees, many of whom lost their houses and shops through pillage and fire.

#### LAST MINUTE DECISION

(“Hong Kong Daily Press” Special)

Paris, May 2.

A telegram received by the French Foreign Ministry late on Saturday afternoon from Addis Ababa states that the Negus, who had declared his intention of leaving for the western provinces and there raise a new army, decided at the last moment to take a special train for Djibouti, accompanied by the Empress and other members of the Imperial family. They are expected to arrive in the French port on Sunday.

Since Saturday morning plundering has been going on in the capital, even the Imperial Palace having been robbed.

The Abyssinian Legation here states that it has not yet received confirmation of the departure of the Negus for Djibouti.

In view of the possibility of looting and other disturbances before the arrival of the Italian troops, special precautions have been taken to protect the French Legation and French nationals.

#### SENSATION IN ROME

Rome, May 2.

The reports reaching here via London on Saturday afternoon that the Negus and his family are in flight having left the Abyssinian capital by train for Djibouti on Saturday, caused a considerable sensation here as apparently the facts must be as stated since the channel through which it came is a wireless service of Sir Sidney Barton, the British Minister at Addis Ababa.

The news is all the more surprising inasmuch as the Negus was reported to have told pressmen on Friday that he would never abandon the struggle. The assumption reached by the press here is that this sudden complete reversal of attitude suggests that the war is virtually over.

#### PALACE SACKED

Paris, May 2.

A cable received at the French Foreign Office from Addis Ababa states that the Imperial Palace was sacked in the morning, and there are scenes of disorder and pillage. The Emperor joined the Empress and other members of the Royal Family at the last moment on a special train for Djibouti and they were expected to have arrived there to-night.

#### SHOOTING AND LOOTING

London, May 2.

It was early dawn when the Emperor boarded a train. As soon as the news was known hooligans and disbanded soldiers sacked the Palace, while armed gangs roamed the streets shooting wildly, looting indiscriminately and continued plundering throughout the day.

The bulk of the foreign population, however, safely made their way to the respective Legations and this evening it is authoritatively stated that no foreign casualties have been reported.

#### ARCHIVES REMOVED

Meanwhile members of the Abyssinian Government, taking the Imperial archives left the capital by car and it is believed they are heading for Gori, sixty miles south-west of Addis Ababa.

Ethiopian circles in London still expect the Emperor will leave the train on Ethiopian soil, but other reports suggest he will proceed to Palestine, Britain or France. It is pointed out that if the Negus leaves Abyssinia he will still be Emperor de jure although no longer ruling de facto.

#### WAVE OF ENTHUSIASM

Rome, May 2.

News of the Emperor's flight has started a wave of enthusiasm in Italy which will swell until the fall of Addis Ababa.

Political circles, however, make little comment and declare that the departure will have little effect from a military viewpoint as the Italian advance is continuing irresistibly.

It is stated that the Emperor's final mobilisation decrees had little effect as the Emperor had been deserted by the Rasas.

#### STATEMENT BY MR. EDEN

London, May 2.

Only a very general reference to the Abyssinian crisis was made by Mr. Eden in a speech at Leamington where he arrived late to-day. He declared: “We must be prepared to profit from the lessons of the past seven months in a spirit of realism and pursuit of the constant purpose of British policy, namely maintenance of peace. We have played our part not for imperial or selfish motives and have nothing wherewith to reproach ourselves.”

### WITHIN STRIKING DISTANCE

#### Triumphant Entry Preparations

Rome, May 2.

A hush of expectation has fallen over Italy in anticipation of the fall of Addis Ababa, and the newspapers have already printed the stories of its fall, which will be released when the news is confirmed.

It is reported that two Italian columns are within striking distance of the doomed capital. Landslides and thunderstorms have hitherto delayed the advance of the main column over the pass between Debra Sina and Debra Brehan, where the road rises from 5,000 feet to over 9,000. Workmen with spades and dynamite have cleared the way for lorries.

Marshal Badoglio has reported that he has left Dessale for the south behind the main column to participate in the triumphant entry into Addis Ababa. It is stated that the Djibouti-Addis Ababa railway service has been suspended.

#### Reuter's Bulletin Service

#### ACCORDING TO FLAN

Rome, Later.

The advance on Addis Ababa is proceeding according to plan, states Marshal Badoglio in a communique. The Abyssinians are in flight on the southern front, and the Italian troops are concentrating on the position reached in order to resume the advance. Many chiefs of Upper Ogaden are making the act of submission, offering to co-operate against the Abyssinians.

#### LEAGUE CIRCLES IN QUANDARY

Flight Of Negus Raises Acute Problem

Geneva, May 2.

League circles are momentarily completely non-plussed at the flight of the Emperor, which confronts Geneva with an unprecedented problem. It is felt that if the Covenant means anything League action against Italy ought to be continued, but obviously the Italians will claim justification for their contention that the Negus was an usurper.

It is expected that there will be diplomatic consultations between London, Paris and possibly Rome before the Council meets on May 11 in the hope of finding ground for an understanding.

## ITALIAN POINT OF VIEW

### Alleged British Coercion

(“Hong Kong Daily Press” Special)

Rome, May 2.

Towards midday reports reached here that the Negus left Addis Ababa by train for the port of Djibouti. This sudden change in plans after a declaration made less than twenty-four hours earlier that a determined fight to the very end was to be made, is attributed to the influence brought to bear by Sir Sidney Barton, the British Minister at Addis Ababa who, in several long conversations with Haile Selassie, urged him to give up resistance and to take refuge in neutral territory, but not on British soil, since this would almost certainly intensify the existing tension between Britain and Italy and make negotiations for Britain much more difficult.

According to the reports reaching here the Emperor has not yet abdicated but that if he crosses the frontier this in itself will virtually amount to a renunciation of the Imperial Throne.

If the Italians are allowed to enter Addis Ababa without any obstacle then the end of the conflict will be greatly accelerated.

The fact that the Negus was induced to take this step on the advice of the British Minister has made a profound impression here and is interpreted to mean a change in British policy as foreshadowed in the resolutions passed by the Conservative Parliamentary Committee.

Certain reserve in the celebrations of the triumph over the Negus is, however, being shown pending the receipt of news that the Emperor has crossed the frontier.

## TALK WITH FRENCH MINISTER

### Negus Seeks Advice Before Flight

Paris, May 2.

The news of the Emperor's departure is hailed with relief and is regarded as justification for France's go slow policy. It is felt that the gordian knot of sanctions has now been cut.

The Emperor's decision appears to have been taken at the last moment according to information in official circles.

The Negus yesterday saw the French Minister and asked what impression will be made if his wife and family left the capital. The French reply was they have no objection to their leaving and they would be very safe at Djibouti.

The Emperor then mentioned that perhaps he some day might have to leave, but when the talk occurred he appeared to have no idea of doing so.

A telegram from the railway authorities at Djibouti states that the Negus and his family arrived safely.

According to the latest official reports received from Addis Ababa, French nationals are safe at the Legation with the exception of the railway employees who remain at their posts at the railway station with which telephonic communication has been cut off.

Two French proteges were killed in course of firing by the soldiery and bandits.

In view of the gravity of the situation, the French Government communicated the facts to the Italian Government, which immediately telegraphed the Italian Command to hurry on the advance guard which last evening was twenty-five miles from Addis Ababa. It is understood that the advance guard has been ordered on night march and is expected to reach the capital to-day.

## TURKEY AND GREECE

### Friendship Pact Benefits

(“Hong Kong Daily Press” Special)

Athens, May 2.

The Turkish Foreign Minister, Ruzhdi Aras arrived here on Saturday at noon and was met at the railway station by the Greek Premier, Metaxas, the Turkish, Bulgarian, Yugoslavian, Rumanian, and Soviet Russian Foreign Ministers.

After the reception, Ruzhdi Aras proceeded to the Greek Foreign Office, where he had an hour's talk with Metaxas on the political situation. Metaxas later told pressmen that the conversations had been of unusual cordiality.

In political circles here great significance is attached to the Turkish Minister's visit, the newspapers declaring that the Greco-Turkish friendship pact, recently signed was a powerful instrument for peace, because, although directed against nobody, it would mean joint action of the two states against anyone attempting anything against the safety and integrity of the two powers.

This Greco-Turkish friendship pact is regarded as the best guarantee for continued friendship between all the Balkan States that cannot but be strengthened by the Turkish Minister's personal visit to the Greek capital.

## AMERICAN LEGATION AS REFUGE

### Correspondent Wounded By Sword Cuts

### DEAD BODIES VISIBLE FROM LEGATION WINDOWS

### Roar Of Flames And Rifle Fusillades

Washington, May 2.

The United States Minister to Addis Ababa, Mr. Van Engert, in a wireless message states that the centre of the city is burning. The city is in the hands of a mob pillaging without restraint, and the roar of the flames is punctuated by incessant fusillades of rifles, while bullets are ricocheting against the walls of the Legation.

The house of the American Vice-Consul, Mr. Cramp, has been sacked, but he with other Legation members are unharmed.

Thirty Greeks and six Russians, including women and children, have taken refuge in the American Legation owing to the impossibility of reaching other Legations without risk of falling into the hands of the mob.

Mr. Van Engert's latest despatch, timed 7 p.m. Abyssinian time, says two American missions got through word to say they are in no immediate danger, but otherwise conditions continue to be chaotic.

An American newspaper correspondent was wounded by sword cuts while driving through a crowd of rioters, who had apparently seized large quantities of rifles and ammunition abandoned by police troops.

Dead bodies are visible from the Legation windows, but so far no foreign casualties have been reported.

A later wireless message from the American Ambassador at Addis Ababa, despatched at 10 p.m., reports that the fire is spreading and thousands of refugees are leaving the city.

The report adds that much of the damage done has been due to drunkenness.

#### BRITISH OFFER ACCEPTED

New York, May 3.

The American Government has accepted the offer of the British Government to extend facilities at the British Legation to American citizens in the event of trouble in Addis Ababa. The Americans number about a hundred and are mainly missionaries.

The news of the Emperor's flight gained streamer headlines in the newspapers, some of which suggest that the Negus may be going to Geneva to make a supreme personal effort to secure peace.

## BUDGET SECRETS LEAKAGE

### Matter Still Pursued

London, May 2.

Further consultations have taken place between the Chancellor of the Exchequer and Chairman of Lloyd's regarding the rumours of leakage of budget secrets which arouse out of the unusual amount of business in budget risks which occurred in the last few hours before the budget statement. Mr. Neville Chamberlain is expected to make another statement on the subject at Commons question time on Monday.

It is considered likely in Parliamentary circles that the Government which is known to be determined to have the whole matter cleared up will decide—if evidence now before the Chancellor appears to give any support to the allegation of leakage—to recommend the appointment of a select committee to make an enquiry.

## HORSE DRAWN VANS TO DISAPPEAR

### Buchanan's Change To Motor Vehicles

London, May 2.

The well-known distillery firm of James Buchanan have decided owing to traffic conditions to replace with motor vehicles the stable of splendid horses and fleet of coach-built vans, the turnout of which has for many years been a noteworthy feature of London streets. The fine appearance of the vans with coachmen and trouncers in distinctive livery has often been admired by visitors and has brought the firm many prizes in Eastern van horse parades in Regent Park. The vans have also been seen in the International Horse Show at Olympia.

## CARNEGIE TRUST DECISION

### Public Library Grants To Cease

London, May 2.

The Carnegie United Kingdom trust announces the approaching termination of grants for public libraries which have been such a noted feature of its policy in past years. The trustees are of opinion in this field and some others that they have helped to set up a standard which should enable others to carry on and develop work. The most important allocation in the programme of trustees for the next five years—representing a new departure—is for land settlement. The provision amount is £150,000. While there is no possibility of treating land settlement as a case of unemployment on an indefinitely large scale, investigations have convinced the trustees that there is room for experiment on carefully planned lines for co-operative small holdings schemes of thirty to forty families each holding three to ten acres of land in co-operative holdings.

## WILLIAM MORRIS MEMORIAL

### House To Be Adorned With Works Of Art

London, May 2.

A permanent exhibition of works of art, the nucleus of which is formed by a magnificent collection including a splendid group of his own paintings given by the Royal Academician, Frank Brangwyn, is to be set up in his house in Walthamstow, in North East London in which the designer and poet William Morris was born. The house now stands in a densely populated district and the intention of the donors is to make it a memorial to Morris and in accord with his ideals to furnish and adorn it with rare and lovely things for delight and inspiration of the people of the district to whom the house will belong.

## HONG KONG RIFLE ASSOCIATION

## Bisley Competition In Progress

Yesterday saw the "Bisley" Competition well under weigh. This was the second day of the Competition and some very excellent shooting was to be seen. It was estimated that no less than three hundred civilians, competitors and friends were on the range to watch the shooting. It was a fine turn-out and shows the degree of the keenness of the Riflemen of Hong Kong.

His Excellency, the General Officer Commanding, Major General A. W. Bartholomew, and Commodore C. G. Sedgwick were among the many interested spectators.

The day opened fine and somewhat cloudy. This latter fact caused some bother in the morning as the moving clouds caused a changing light, but generally the day was good.

The main event of the Competition is His Excellency Cup. This competition is divided up into six parts of which the "Blackdown", "Camberley" and "Bagshot" competitions are the first three parts. These were shot off yesterday and the remaining three will be shot today. They are the "Brookwood", "Stickdown" and "Siberia" competitions.

Out of these two stages, 20 competitors will be selected and will shoot it out in the "Bisley" at 700 yards and the "Perthshire" at 800 yards.

An item of interest in yesterday's matches was that in the "Infer Unit Shoulder to Shoulder Match", each unit included its commanding officer who had to fire and die. These officers included Commodore Sedgwick who fired for the Tamar and Lt. Col. H. B. L. Dowbiggin who fired for the Volunteers.

The afternoon consisted of Match shooting. In this connection, the result of the Inter-Imperial and Police Forces' match will be announced to-day.

The full results of yesterday's shooting were as follows:

## POOR KICKING SPELT DISASTER FOR THE CLUB

Fusiliers Proved Too Good

## LEAGUE FOOTBALL

The Fusiliers proved too good for the Club on Saturday in the first division league fixture, winning three goals to one.

Although it was one of the closing games of the season, the football did not slack off as is usual.

The Fusiliers deserved to win for their play was more methodical and dangerous. Roberts on the left wing was fine in his rushes down the line and placed his centres and neatness and precision.

Although actually Rowlands, in the Fusiliers' goal, had more to do than Roger, it was the blundering tactics of the Club forwards that spoiled the chances which came their way. It was a remarkable contrast to see the different attacking methods, one being cool and unhurried and the other wild and ineffective.

Though the full honours of the defence methods go to Wheeler and Keating, mention must be made of Hynes who brought in to take the place of Sid Strange, played a very good game.

The Club forwards strove hard against a strong defence without much success, for their raggedness of play in front of the goal was unavailing. Pearce and Skinner were good at times. Elliot was too well covered and Bickford shone in spasms which were too few.

ROBERTS SHINES  
Talbot and Evans were dangerous in the Fusiliers' forward line but the finest display came from Roberts, who scored two of the three goals for the Soldiers.

Matters were even in the first half almost up till half-time. A few minutes before the whistle, however, Roberts sent over a very fine centre to Evans for him to register for the Soldiers.

The second goal came from Roberts and was the result of a powerful shot which had Roger beaten all ends up.

Roberts shortly after converted the third goal for the winners from a centre from Hughes.

Forrow then changed places with Elliot at centre forward and the move proved successful when he placed a beauty beyond the reach of Rowlands to score the only goal for the Club.

KOWLOON'S EASY VICTORY  
The R. A. Stonecutters side could not imitate Lyemun's feat last week when it met Kowloon on Saturday at Kowloon. It had to admit defeat, four goals to one.

No goals were scored in the first half, and Kowloon was the first to score after G. White, had converted a pass from W. Knox to give Hall (in goal) no chance with a rasper.

Another goal was scored some minutes later when Hall failed to gather a fairly simple shot from Honnibal.

Stung by these two reverses, the Artillerymen took up the attack and were rewarded when Boyes made a serious blunder for Findley to net into an open goal mouth.

V. White and Honnibal put the issue beyond doubt when they obtained two further goals for the Marl's.

EAST LANCS HAVE A CHECK  
Following its meritoriously drawn game against the Club last week, the East Lancs, defeat at the hands of South China "B" on Saturday at Caroline Hall, came as a bitter disappointment to their followers.

The final score of two to one against the military side, was no real indication of the game, for the soldiers had more of the play.

Failure of the army attack to finish off their fine approach methods, nullified their chances of victory.

Gimmy Tsang opened the scoring for the Chinese within five minutes of the opening.

In the second half Smith made the score level, but although South China was ragged, compared to their clocklike methods in the opening half, they managed to penetrate the defence and add another point. Ho Ka Keung netted for them.

St. Joseph's on the Naval ground on Saturday afternoon, no ground had been prepared and the match was therefore postponed.

RIFLES FIGHT ON  
The Navy team was forced to give way to the Rifles two goals to one.

The Navy had an early lead when Spencer converted a penalty in the first minutes of the game. Spencer broke through, but just inside the penalty area, he was tripped by Pickering.

Despite this early set-back the Rifles were undaunted and fought back with spirit which had its reward when Ferguson equalised from a perfect centre from Brown.

This success spurred the Rifles to further efforts which ended in Ferguson again scoring, for them with a shot that gave Wratton no chance. This goal was scored after Irwin had made a wonderful opening for Ferguson.

The match was played on the H.K.S.R.A. ground before a large crowd.

## FORD MOTOR RESULTS

## Continued Expansion In Trade

London, April 8

Gross trading profits for 1935 of the Ford Motor Company, which has an issued capital of £20,000,000, all in Ordinary stock and shares amounted to £1,514,331, compared with £1,442,573 for 1934. In addition to its directly owned works at Dagenham, this company controls a widespread European organization, its interests in manufacturing and distributing companies operating on the Continent being vested in a holding company domiciled in Luxembourg.

The board has charged £714,370 (against £618,301) for depreciation and obsolescence, and £292,044 (against £13,415) in respect of costs incurred in adapting plant for new production. The revenue account, which a year ago was burdened with an exchange loss of £84,330, this time shows an exchange profit of £10,108, and there is now no counterpart to the loss of £152,735 in respect of a debt due from the Cologne company, which had to be written off from the earnings of 1934. A new item of interest on the expenditure side is a sum of £71,500, which represents the company's contribution to a newly inaugurated employees' benefit scheme. Deducting other debits of a minor character, the net profit before changing income-tax is £267,056, which compares with £206,963. The dividend is again 5 per cent, and the surplus after its payment is added to the "carry-forward" raising it from £223,083 to £771,498—this figure has been doubled within two years.

The board state that home trade continued to expand, and they alluded to economies effected in manufacture and to steady progress in efficiency. Expansion also occurred in the volume of trade enjoyed by the subsidiary and associated companies, but as was the case a year ago no part of the profits of these companies is included in the revenue account of the parent undertaking. The surplus of floating assets over current liabilities has increased from £1,643,834 to £2,004,532.

## EX-CHELSEA STAR EXPLAINS WHY HE RETURNED

(BY LAINSON WOOD)

London, April 8

Peter O'Dowd, the famous England centre half and one of the most discussed footballers of the last decade, came home last night.

He has "walked up" on Valenciennes, the French club to which he was transferred from Chelsea at the beginning of this season.

"He is bewildered. He does not know whether he is a Valenciennes player or whether he will rejoin Chelsea. He does not know if he is going to be suspended by the French Federation. He does not know whether the English F.A. will suspend him."

He does not know if he will go to another French club or if he will sign up for an English club again. He does not know if he will ever draw on a football boot again!

"But he does know that he will never play for Valenciennes again."

Is he worried? No, sir!

Peter stalked off the Golden Arrow at Victoria Station last night, a bag of golf clubs slung over his shoulder, a suitcase in his hand, just as though he had returned from a short holiday.

## NO EXPLANATION

He was hatless, so that I was able to recognise him easily. We adjourned, and I bought him his first glass of English beer, gave him his first English cigarette, for months.

"Gosh, it's good to be home," he said.

"Why all this?" I asked him. "Because I was not paid last month," came the emphatic reply.

"When I went for my salary at the end of last month" (they pay their players monthly in France). "I was told that the club had no money and that I would have to wait."

"The next thing was a story on the front page of a leading French national newspaper purporting to be a statement from a Valenciennes director, saying that I had been paid up and that I could go back to England as soon as I liked."

"I have had no explanation of that fabulous statement, and I have had no pay."

"I saw one of the directors yesterday, and told him that I was going to pack up. He did not believe me, but, as you see, here I am."

"I have seen an advocate—what do you call them?—attorney—"

## BIG BEN'S STORY To Be Broadcast

In response to many requests, it has been decided to broadcast in the programmes from Daventry, the story of Big Ben.

The care of this clock is a family concern, and its present guardian is the grandson of its maker. He will be heard in this programme—telling the story of the clock's history. A description will also be given of the view from the top of the tower, with some details of the general conditions under which Big Ben does his work.

## ARSENAL'S £100,000 NEW GRANDSTAND

London, April 15

Television; floodlighting; a permanent broadcasting control tower; a view-box from which a policeman with the aid of switches can control an 80,000 crowd; a 95ft. long bar.

These are among the features of the new £100,000 double-decker grandstand which is being erected at the Arsenal Stadium, home of the famous football club and Cup finalists, during the summer months.

When television is in everyday use, and it is possible to televise events to the Colonies, Arsenal will be already equipped.

Floodlighting will not be used for night matches. It is being installed so that the ground staff can get to work on the pitch as soon as a match finishes.

The stand itself will have nearly 11,000 tip-up seats, and the ground capacity will be increased by 3,000 to 4,000.

In the stand there will be a memorial hall to the late Mr. Herbert Chapman, under whose management the Arsenal rose to fame.

## MAY GO BACK

"And now, if you will excuse me, I must get home to my wife. She does not even know that I am here. I shall just walk in on her—just as I walked out in Valenciennes."

Chinese Overseas residents in Korea to-day total 31,700. This is a decrease of 60 per cent. in comparison with the figures prior to the anti-Chinese riots in 1931, according to information from the Overseas Affairs Commission.

A decree was granted to Alice G. Draper, who brought suit against her husband, N. M. Draper, before Judge Milton J. Helmick, in the U.S. Court for China last week. The applicant was represented by Mr. Myron Wiener.

Workmen who were pulling up floorboards in an old cottage at Rockford, near Southend, found over 100 ancient coins. One of the

coins is Roman, and others date from the reigns of Charles II and William IV.

Amina Bibi, a Moslem woman, has died at her house in Porayar, Madras, at the reputed age of 120. She was the mother of five sons, the eldest of whom is 70, and two daughters. She was in possession of all her faculties and retained consciousness to the last.

Two students were killed and two others injured by lightning during a heavy thunderstorm while they were studying in their classroom in Changchow last week. They were all under 14 years of age.

**CANADA REDUCES TARIFFS**

Ottawa, May 1.  
 The Canadian Government has brought down a Budget which reduces tariffs over a wide range, maintaining the Imperial preference rates and to make up for the loss of revenue which may possibly result has increased corporation income taxes.

Personal income taxes remain unchanged.

Corporation income taxes are increased from 13.5 per cent. to 15 per cent. The tax on consolidated income of companies and their subsidiaries is increased from 15 to 17 per cent. The sales tax has risen from six to eight per cent.

Under the British preference, all iron and steel and machinery, of a description not made in Canada, and a number of other items, are placed on the free list. The preferential tariff remains.

Existing specific duties on all yarns or fabrics, wholly cotton or artificial silk, are removed.

The duties on a number of sorts of goods imported under British preference, or intermediate tariff rates, have been reduced substantially.

Under a decree signed by King Fuad on April 28 a few hours before his death the duties on coloured rayon yarns will be increased 600 per cent. on uncoloured yarn 550 per cent. and on rayon articles 100 per cent. The new duties on woollen textiles range from 70 to 150 millimes per kilogram according to weight.

**SOYA BEAN SUPPLY****German-Manchukuo Arrangement**

('Hong Kong Daily Press' Special)

Berlin, May 2.

Keen satisfaction is expressed by the newspapers here that a means has been found of an assured and continued supply of soya beans from the Far East, in spite of the difficulties raised by Germany's lack of foreign currency reserves. Almost the entire source of soya vegetable oil comes from Manchukuo.

An agreement between the Reich division control office and the Manchukuo authorities was signed here on Saturday putting the trade on a new basis exceedingly welcome to Germany, inasmuch as the latter will in future pay for only 75 per cent. of the imports from Manchukuo, while the remaining 25 per cent. will be credited to Manchukuo in Reichsmarks and will be available or payment of products bought in Germany destined for Manchukuo.

This new agreement is confidently expected to result in a resumption of soya beans on the scale which existed formerly, but which fell off considerably last year.

It is emphasized by the press that this is not a trade treaty in the ordinary sense of the word, but merely a technical agreement with no political significance whatsoever and in no sense implies political recognition of the Manchukuo State by Germany.
